The ways things are set now, the 2 CPSC reps are driving themselves from the Rockville area. OLEM is coming from N Va. and will probably drive together in a car. I was thinking of working from home in the morning that day, and then leaving from my house to go. Not yet sure if Pat Breysee is going.

If Bob needs a ride, I can rework my situation and he can hitch one with me. Or he can come to my house Ex. 6 Personal Privacy (PP) or drive me. If he goes alone, I would suggest leaving a little earlier than 12 because you never know what will happen on I 95.

This may help:

Addresses of the facilities:

## Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]

No decision is needed now.

Nathan

Bob will be attending the tour of the tire crumb facility in Ex. 3 CERCLA section 104(e)(7)(42 USC 9604(e)(7)) on May 12 from 1-330. I'm not sure if there will be a carpool option but he will likely be driving up for the afternoon. Can you block him off from 12 on that day?

The main meeting that needs to be shifted is the IRIS meeting with Matt Fritz. I warned IRIS this may be rescheduled again but have not reached out to Matt. If you can reschedule that meeting for that week or early the next that would be great. But also likely not possible.

I've ccd Jackie in case anything changes or I've captured anything wrong.

Thanks

OK, thanks, I will plan on Bob Kavlock going. If Pat B. doesn't go, then we will have a space for you, Kacee. I am still waiting to hear back one way or the other. I will keep you posted.

Tom can't go, and he would like Bob to go in his place. He said if there's enough room, I should go, too. Though it sounds like there's probably not enough room.

Yes, at least. I will keep you posted. Now, Pat B. wants to go if we change the date, which we can't do.

Just hold tight until we figure out who, if anyone, from CDC can go.

Okay. Should we just put Bob as an alternate if Tom does not go?

Bob is interested in attending, but wanted to make sure he wasn't bumping someone who needed to be there. Can you let me know? I need to move one meeting if he does go but should not be an issue.

Thanks!

Maureen

Hi Jackie -- Please hold a spot for Tom. He wants to attend if he can. We are double checking a few things related to his schedule, but we've blocked the afternoon for this with the expectation that he can do it. Will let you know once we've confirmed.

Bob would be interested but seems like space is tight. I would need to move one meeting so let me know if he is an option.

Thanks

We've scheduled a tour on May 12, from 1 – 3:30, of the [Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))] both located near [Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]

[Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]] processes whole tires at its main facility into 4" pieces, then sends them to the [Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]] (about 20 minutes away) where the pieces are reduced into rubber mulch. The tailings from the mulch processing are used to make the various sizes of tire crumb, including crumb for turf infill.

We can bring 10 people with us to tour these facilities. So far, OLEM is bringing 5 people and CPSC will send 2 scientists. I will also attend, so we have 2 available slots if anyone else from ORD wants to go.

You are welcome to discuss with Fred or me to decide if anyone else from ORD will go. Please let me know if you have any questions. Thanks.

Jackie
